The County of Los Angeles and the City of Los Angeles have embarked upon a historic partnership to assist the number of homeless human beings sleeping on our public streets. The creation of a program to provide shelter during cold/wet weather has matured into the obvious need to provide year round shelter beds as an enhancement.

The City of Los Angeles has committed \$1 Million to transform the 800 cold/wet weather beds into year round shelter beds. As part of the partnership between the County and the City, it would be prudent for the County to match the City's contribution of \$1 Million for the 2006-07 Fiscal Year. Such funding should be allocated from the \$80 Million already identified to address the homeless crisis throughout Los Angeles.

I THEREFORE MOVE THAT the Board of Supervisors direct the Chief Administrative Officer (CAO) to allocate \$1 Million in one-time funding from the Designation for Homeless and Housing Programs to match the City of Los Angeles' \$1 Million commitment for the transformation of the cold/wet weather beds to a year-round shelter program; and

I FURTHER MOVE THAT this Board delegate authority to the Chief Administrative Officer (CAO) to execute an agreement with the City of Los Angeles for the expenditure of these funds, contingent upon the City's 100% match, not to exceed \$1 Million in one-time funding;

FINALLY I MOVE THAT this Board direct the Chief Administrative Officer (CAO) to work in concert with the Los Angeles Homeless Services Authority to report back quarterly with outcome data from these enhanced homeless shelter services.
